Public Meeting 10th July

at the Hopetoun Arms

Present:	Pat Wilders	Chair
	Sue Pinkus	Treasurer
	Rab Campbell	Director
	Paula Hollingworth	Member
	Martin Hollingworth	Member

Apologies	Martin Pinkus	Vice Chair
	Andrula and Lincoln from Wanlockhead	

Andy Wightman - as the Scottish Parliament is still sitting we will need to email him at some point to gently ask how things stand with the land searches

Any replies to emails to the consultants for the briefing paper? One was helpful and Ailsa to be sent the brief to see if we are on the right lines. Chair to read and comment on if necessary.

Form for funding - where are we at?

Heating from Mine water - not heard back yet, looks as if they would be most interested in heating a particular building and had a preference for the school.

District Heating was discussed as being a priority for the company once land purchased and also before if any opportunity arose in the meantime.

Various ideas and suggestions from Paula and Martin were discussed and it was pointed out that none could really be taken forward until land and/or funding procured.

Closed at 9pm
